Team Name: Team Whatever

Team Symbol/Logo: tbd

Team Mascot: tbd

Github Repository: https://github.com/AnthonyLaneJr/TeamWhatever

Team Meeting(s): Sundays, 10:30 @ Discord

Communication: Frequent, communicating scheduling difficulties, asking for help, being flexible with workflow, being supportive, helping other team members.

Communication Method: Text Group Chat, Github

Communication Expectations: Acknowledge messages even if you get to it right then. Being organized with documentation and code. Each member will have their own branch in the repository to work on their respective parts of the code.

Goal for Tues. 1/28: Each team member will construct their own need/wants list for the clients request, as well bring an idea for a recommended technology for the project (frontend framework, backend framework, database).
